

HINDON CE VA PRIMARY SCHOOL  
*St. Mary's and St John's*

**Photography (including the use of mobile phones) and Filming at School Events**

Recognising that the use of photography and Filming at School Events is a contentious issue, I agree to abide by the following conditions because, whilst I would like the opportunity to take photographs or make a video of my child(ren) taking part in school activities, I am aware of the need to safeguard the health, safety and welfare interests of the children and parents/guardians at Hindon Primary School.

-----  
I will not take photographs or to make a video recording for anything other than my own personal use because recording and/or photographing other than for private use would require the consent of the other parents whose children may be captured on film. Without this consent I understand the General Data Protection Act 2018 would be breached.  
Thus I guarantee that images are for personal use and therefore the Act does not apply.

I agree that the school is not liable for images taken by parents or others at school events, as it is those who own and publish the images that are subject to the Act.

I guarantee that images will not be used inappropriately, and am aware of my responsibilities in this matter, especially the danger of placing such images on personal websites and social media. I will therefore not place any resultant images on any Social Media Platform.

I will not film covertly and accept that Staff have the authority to challenge anyone they do not recognise who is using a camera or video recorder at events and productions.

I understand that the School reserves the right to refuse photography or videotaping at any school event.

I understand that if other members of my family take photographs or recordings at school events, I will be responsible for the use of any images taken.

**Child Protection**

I understand that this is a separate consideration and does not come under the Data Protection Act. I will not take any images that can be construed as being provocative in any way.

To ensure this I will be taking general pictures, only zooming in on my own child(ren).

I understand that the school have the right to protect pupils whose parents have not agreed to their child/ren having photographs taken and I might be asked not to photograph an event.
